

DESIGN.
INNOVATION.
MARATHON FITNESS.

Who We Are

Founded in 2003, Marathon Fitness serves the fitness equipment and service needs for universities, recreation and multi-tenant facilities.

One of the largest providers of fitness equipment in the US, we serve a wide range of clients from Fortune 500 Companies such as Dell, Apple, Shell, and Conoco; to top country clubs, YMCA's, multi-family and collegiate systems such as Texas Tech, UT, Sam Houston State, University of Houston and Baylor University to name a few.

We have sales and service staff in Texas and Arizona providing the full range of products, service and repair needs for almost any application in fitness today.

What We Do

- Complete design & project management
- Visualization using 2D & 3D graphics
- Inspirational use of space & natural light
- Custom design tailored to individual requirements
- Latest equipment and technology available from
- Precor, Peloton, Escape Fitness & Outdoor Fitness capabilities
- Access & accessibility as defined by ADA
- Guaranteed work performed by certified technicians

Brands We Represent

Design the Perfect Fitness Amenity

Marathon fitness' amenity development and management specialists are uniquely qualified.

We have a proven methodology to help you design, develop, budget for, program and manage your facility.

We'll help you avoid key mistakes and focus on how your fitness center can provide secondary revenue or higher rents.

Our complete, customized approach to design allows you to create a totally unique fitness environment that will reflect your community profile and represents the highest aspirations of your business.

UNDERNEATH IT ALL IS A

STRONG FOUNDATION

One production line for
commercial quality.

Regardless of how you mix it, rest assured that all Precor cardio models are built on a platform you can rely on. They all start with a durable commercial frame, produced in our U.S. factory, ensuring we provide the highest quality.

With the foundation set, it is now time to configure your perfect cardio combination.

TRM 781

Experience™ Series

TREADMILL

Product Highlights

The TRM 781 combines essential reliability and ease-of-use with touchscreen technology at a value just right for you. This treadmill is designed to optimize performance and maintenance for you while providing a comfortable and effective workout for your exercisers. The simple, clean design holds up under heavy commercial use, ensuring your investment will last into the future.

Product Features

1. P84 Touchscreen Console

The P84 console offers a brilliant 16-inch touchscreen that provides the best blend of performance, fitness, and entertainment that your exercisers expect. It's designed to deliver a best-in-class content suite with engaging workouts, wireless casting with access to thousands of third-party workout and media apps, and integrated Pluto TV, so exercisers always have the content they want, right at their fingertips.

2. Motor Drive System

The motor drive system improves performance, efficiency, and reliability through improved internal cooling, a wider operating range, and unique input current averaging to identify more precisely when a running belt requires replacement.

3. Integrated Footplant Technology™

Recognizes exercisers' natural foot speed and matches every stride for an ultra-smooth feel that enhances their workout experience.

4. Ground Effects® Impact Control System

Our patented system combines ideal cushioning, support, and stability for exercisers. Precor decks are designed to provide more absorption in the front where exercisers' feet hit the belt and added rigidity at the back for a firm push-off.

5. Active Status Light

To increase uptime, an external status light lets you and your staff know at a glance the operating condition of your treadmill and when to perform life-extending maintenance.

Storm Grey

Refined colorways with dark Tungsten covers and two frame color options, Storm Grey and Black Pearl.

SCL® 885

Experience™ Series

STAIRCLIMBER III

Product Highlights

The Precor SCL 885 far exceeds the status quo and invites you to step up to an experience that will delight. Made from durable, high-performance parts and tested beyond industry standards, the StairClimber is built for reliability. The thoughtful design prevents sweat, dirt, and fluid ingress to deliver an ultra-smooth operation and effective cleaning in a single pass. It invites exercisers to step on and off with ease, exercise with confidence, and stay motivated with engaging content.

Product Features

P84 Touchscreen Console

The P84 console offers a brilliant 16-inch touchscreen that provides the best blend of performance, fitness, and entertainment that your exercisers expect. It's designed to deliver a best-in-class content suite with engaging workouts, wireless casting with access to thousands of third-party workout and media apps, and integrated Pluto TV, so exercisers always have the content they want, right at their fingertips. Geographically-inspired milestone workouts entice exercisers to climb 30 well-known global landmarks like the Empire State Building in New York City or the Great Pyramid of Giza.

Low Maintenance Step Chain

To decrease downtime, service panels can be removed in under one minute to easily access internal components. Constructed of high-strength steel, the 428 O-ring motorcycle step chain requires no planned maintenance – simply inspect annually. Clean and lubricate only if needed.

Tested Beyond Industry Standards

The StairClimber has exceeded industry standards, withstanding over 30 different tests, conducted over 10,000 hours in the lab and field for reliability that operators can trust.

Dynamic Step Control

The Dynamic Step Control™ system, with an industry-leading tolerance of +/- 0.5 steps per minute, ensures an accurate, consistent step rate, whether slow or fast, for exercisers of all sizes.

Specifications

Dimensions (L x W x H): 59 x 31.7 x 84 in / 150 x 81 x 213 cm

Equipment Weight: 375 lb / 170 kg

Power: 120 volt, 15 amp circuit

Recommended Ceiling Height: 9 ft 9 in / 3 m

Step Height: 8 in / 20 cm

Step Dimensions (D x W): 11 in x 20.8 in / 28 cm x 53 cm

Step Rate Range: 20 to 165 steps / minute (SPM)

Total Workouts: 10

Fit Tests: WFI and CPAT

EFX[®] 885

Experience[™] Series

ELLIPTICAL

Product Highlights

The EFX 885 with Converging CrossRamp[®] combines essential reliability and ease-of-use with a natural, low-impact stride to add value to your facility. Design enhancements ensure easy cleaning and maintenance for you, while the unique adjustable Converging CrossRamp technology and upper body moving handlebars deliver a total body workout for your exercisers.

Product Features

1. Handlebars

With moving handlebars, exercisers can push and pull with their upper body to achieve a total body workout.

2. P84 Touchscreen Console

The P84 console offers a brilliant 16-inch touchscreen that provides the best blend of performance, fitness, and entertainment that your exercisers expect. It's designed to deliver a best-in-class content suite with engaging workouts, wireless casting with access to thousands of third-party workout and media apps, and integrated Pluto TV, so exercisers always have the content they want, right at their fingertips.

3. Converging CrossRamp

Patented converging footpath design and incline adjustments between 10 - 35 degrees, along with 20 levels of resistance, give exercisers a challenging workout with a more natural feeling stride.

4. Covered Rear Drive Housing

Maintenance is easy with a covered ramp and rear drive housing that enable quick access for cleaning.

5. Active Status Light

Alerts staff at a glance when the EFX needs maintenance or service.

Storm Grey

Refined colorways with dark Tungsten covers and two frame color options, Storm Grey and Black Pearl.

RBK 885

Experience™ Series

RECUMBENT BIKE

Product Highlights

The RBK 885 Recumbent Bike combines essential reliability and ease-of-use, with smooth pedaling and biomechanically correct geometry. The step-through design appeals to a wide range of exercisers of all ages, while the simple seat adjustment allows the exerciser to change the position of the seat with one hand, either on or off the bike. A ventilated air flex seat provides exceptional comfort.

Product Features

1. P84 Touchscreen Console

The P84 console offers a brilliant 16-inch touchscreen that provides the best blend of performance, fitness, and entertainment that your exercisers expect. It's designed to deliver a best-in-class content suite with engaging workouts, wireless casting with access to thousands of third-party workout and media apps, and integrated Pluto TV, so exercisers always have the content they want, right at their fingertips.

2. Step-through Design

Designed for easy entry, the recumbent bike has a step-through design (14 in / 36 cm wide) with a low step-over height (4 in / 10 cm).

3. Ultra Comfortable Air Flex Seat

The custom-designed air flex seat features a ventilated panel and unique suspension system for a cool, cushioned ride.

4. Seat Adjustment

The simple seat adjustment allows the exerciser to change the position of the seat with one hand, either on or off the bike.

5. Ease of Maintenance

The easy-to-remove shroud ensures quick access to the belt-drive system for maintenance and servicing without removing the pedals or crank.

6. Dual-sided Pedals

The dual-sided pedals allow the exerciser to use the pedals with or without the integrated straps. The extra-wide pedals comfortably accommodate feet of all sizes to encourage proper pedaling form.

Specifications

Dimensions (L x W x H): 67 x 23 x 54 in / 170 x 58 x 137 cm

Equipment Weight: 219 lb / 99 kg

Power: 120 volt, 15 amp circuit

Total Workouts: 17

Resistance Levels: 25

Minimum Watts: 18 (level 1 at 20 RPM)

Maximum Watts: 750 (level 25 at 150 RPM)

Seated Leg Curl

RMS MODULE SYSTEM

RSL0605

Resolute™ Strength Selectorized Line

Leg Extension III

Biomechanically Sound

Before performing the quadriceps contraction on the Resolute Leg Extension, exercisers can easily adjust the ankle pad to the optimal position for a comfortable lift.

Designed to Go the Distance

Chrome-plated linkages not only make adjustments smoother and easier, the high-quality material contributes to a more durable product. Tested to 250,000 cycles using the full weight stack, the Resolute Leg Extension is designed to go the distance.

Focused on the Experience

With intuitive, conveniently placed adjustments, and a wide comfortable seat, the Leg Extension is quickly adjusted to fit most every exerciser. Exercisers can adjust the weight stack selection easily from the seated position.

Advanced Training with Sony® Advagym

Strength training has gone digital. Add the Sony Advagym training and tracking system, along with the app, to give your exercisers a whole new way to train. Through the Advagym app, personal trainers can prescribe workouts and monitor their clients' progress.

Resolute™ Strength Selectorized Line

Seated Leg Curl

Biomechanically Sound

The wide seat pad on the Resolute Seated Leg Curl, with a slight 15 degree tilt, properly aligns the exerciser's knee with the pivot point to deliver better muscle isolation and increased comfort.

Designed to Go the Distance

The upholstered pads of the Resolute Seated Leg Curl underwent 1.2 million cycles of testing to ensure that this machine will be the durable workhorse for any facility. Sealed bearings in all pivot points make for quiet, durable operation to go the distance.

Focused on the Experience

The adjustable back pad, start position, thigh stabilizing pad, and weight stack pin are all within easy reach so that the exerciser can personalize the fit of the Seated Leg Curl. Wear-resistant materials on all the touchpoints ensure a long-lasting appearance.

Advanced Training with Sony® Advagym

Strength training has gone digital. Add the Sony Advagym training and tracking system, along with the app, to give your exercisers a whole new way to train. Through the Advagym app, personal trainers can prescribe workouts and monitor their clients' progress.

RSL0602

Resolute™ Strength Selectorized Line

Leg Press

Biomechanically Sound

The back pad of the Resolute Leg Press is angled at 35 degrees to encourage proper exerciser form and provides the optimum position for transmitting force to the platform without spinal compression. The oversized, fixed footplate offers a stable platform to work from.

Designed to Go the Distance

Sealed ball-bearings traveling on chrome plated rails means quieter operation. Over-sized steel tubing lends a sleek, contemporary shape and a more durable product. Tested to 250,000 cycles, the Resolute Leg Press is designed to go the distance.

Focused on the Experience

Thoughtful design elements like the integrated step ledge allow exercisers to enter and exit the Resolute Leg Press with ease. Once seated, exercisers can easily personalize the fit and the weight load. Our patented add-on weight requires just a flip of a switch.

Advanced Training with Sony® Advagym

Strength training has gone digital. Add the Sony Advagym training and tracking system, along with the app, to give your exercisers a whole new way to train. Through the Advagym app, personal trainers can prescribe workouts and monitor their clients' progress.

Resolute™ Strength Selectorized Line

Converging Chest Press

Biomechanically Sound

The movement arm handles of the Resolute Strength Chest Press can be angled to keep wrists in correct alignment as the exerciser's hands converge. Independent moving arms offer the option to target training to a single arm.

Designed to Go the Distance

The over-sized steel tubing of the Converging Chest Press contributes to a more durable product while also giving one of the most popular pieces of the Resolute line a timeless, contemporary silhouette. All the pivot and adjustment points are designed for quiet operation for years to come.

Focused on the Experience

The Resolute Chest Press starts with an open design that's easy to enter, and offers comfortable upper-body support while seated. Bright adjustment points beneath the seat and on the movement arm handles remind the exerciser to personalize the fit prior to starting the movement.

Advanced Training with Sony® Advagym

Resolute™ Strength Selectorized Line

Converging Shoulder Press

Biomechanically Sound

The Resolute Converging Shoulder Press correctly positions the exerciser to ensure proper joint stabilization during lifting. Independent moving arms, converging movement, as well as horizontal and neutral hand positions provide options for a personalized fit and exercise variety.

Designed to Go the Distance

The over-sized steel tubing of the Converging Shoulder Press contributes to a more durable product as well as a timeless, contemporary silhouette. One piece, soft rubber foot caps make the equipment easier to move and will remain in place even if kicked.

Focused on the Experience

The open design and overhead pivot make entry and exit fast and easy. The counter-balanced movement arms create a proper motion path and low starting lift weight. Our patented add-on weight switch is within a convenient reach.

Advanced Training with Sony® Advagym

Resolute™ Strength Selectorized Line

Rear Delt / Pec Fly III

Biomechanically Sound

The dual-pivoting arms accommodate different arm lengths allowing exercisers to comfortably perform each opening and closing movement while maintaining proper form. The gas-assisted ratcheting seat helps exercisers optimally position their arm height.

Designed to Go the Distance

The over-sized steel tubing of the Rear Delt / Pec Fly contributes to a more durable product while also giving the tallest of the Resolute line a timeless, contemporary silhouette. Sealed bearings in all pivot points and chrome-plated adjustment plates make for quiet operation for years to come.

Focused on the Experience

With intuitive, clearly marked adjustment points, the Resolute Rear Delt / Pec Fly allows exercisers to transition between the two exercises seamlessly on this single piece of equipment. The word-free instructional placard clearly highlights the two sets of muscles this single machine will work.

Advanced Training with Sony® Advagym

Strength training has gone digital. Add the Sony Advagym training and tracking system, along with the app, to give your exercisers a whole new way to train. Through the Advagym app, personal trainers can prescribe workouts and monitor their clients' progress.

StretchTrainer

Stretching is so important in a proper warm-up and cool-down for every workout. With the 240i StretchTrainer, exercisers are effectively positioned to deeply stretch their lower back, glutes, quads and hamstrings without having to lay on the floor.

It's easy to slide into position on the cushioned seat and knee pads. The padded handlebars offer a comfortable grip as exercisers lean into each stretch.

The large instructional placard is illustrated with eight key stretches to help exercisers target a tight area or develop a stretching routine.

Its compact size makes the StretchTrainer the perfect addition to cardio and strength training areas where it can be that friendly reminder to stretch before and after a workout. And like all Precor products, it's built to last, with durable construction and high-quality components.
