The City of Deer Park has adopted a hotel occupancy tax in accordance with the Texas Tax Code. The Tax Code provides that cities may elect to impose a rate not to exceed seven percent (7%) of the price paid for a room (that costs \$2.00 or more each day) ordinarily used for sleeping. The use of local hotel occupancy revenue is restricted to expenditures that enhance and promote tourism and the convention and hotel industry.

The acquisition and disposition of forfeited property is provided for in Art. 59 of the Texas Code of Criminal Procedure. Contraband subject to seizure and subsequent forfeiture includes property of any nature including real, personal, tangible, or intangible that is used in the commission of offense as described in Art.59.01. Following a judicial process, seized property can be forfeited and deposited in a fund in the municipality for use by the police department. The police department is required to submit a budget to the City Council listing and defining the categories of expenditures. The funding must be used, by statute, solely for the law enforcement supplies, and any other items used by officers in direct law enforcement duties. The police department is required within 30 days of the end of the fiscal year to complete and forward to the Attorney General a Chapter 59 Asset Forfeiture Audit Reporting Form that describes the beginning balance at the start of the fiscal year, all funds received during the fiscal year, all pending seizures at the time of the report, interest earned on the funds, and expenditures made.

**PROGRAM DESCRIPTION**

The Storm Water Department is responsible for the City's compliance with the federal mandate known as the National Pollutant Discharge Elimination System (NPDES). The NPDES mandate requires cities to implement programs and practices to control polluted storm water run-off through a permitting program. The City is required to develop a storm water management program to address a minimum of six control measures. The program can be developed and implemented in phases over a five-year period.

ASSET REPLACEMENT FUND EXPENDITURE SUMMARY BY DEPARTMENT**

*The key asset replacement funding principle is that money is set aside for the repair or replacement cost of existing capital assets. The City is establishing a Asset Replacement Fund (formally Capital Equipment) in Fiscal Year 2021-2022 to provide monies for the replacement of rolling stock (vehicles and equipment). A transfer from the General Fund will fund the Asset Replacement Fund (similar to the transfer to the Capital Improvements Fund).*

## **DEER PARK COMMUNITY DEVELOPMENT CORPORATION**

The Deer Park Community Development Corporation ("DPCDC" or "Corporation") was established by a dedicated one-half of one percent sales and use tax approved by the voters in May 2015 for economic development purposes. The authority for the DPCDC is provided by Texas Local Government Code, Chapter 505, Type B Corporations. The Corporation is governed by a seven member board appointed by the City Council.

The DPCDC was originally formed for the purpose of financing specific public park purposes and events as authorized by Chapter 505 and the Election as follows: (a) replacement of restroom facilities in Dow Park with a new pavilion structure that includes a stage, restrooms, and a concession stand; (b) renovation and expansion of the Community Center and Gym to include an indoor pool; (c) expansion of the existing Maxwell Center and parking lot; (d) renovation of baseball fields including but not limited to the Spencerview sports complex (Durant Fields); (e) renovation of the girls softball facilities at the Youth Sports Complex; (f) development of soccer fields; and (g) the development of hike and bike trails.

The dedicated one-half of one percent sales and use tax became effective on October 1, 2015 and the first sales tax receipts for the Corporation were received in December 2015. In May 2021, the voters approved continuation of this dedicated sales tax for the additional purchase of land, buildings, equipment, facilities, and improvements (including the operating and maintenance costs thereof) for the purpose of amateur sports, children's sports, athletic, entertainment and public park purposes and events, as well as any related infrastructure and improvements that enhance the same.

**GENERAL INFORMATION:** Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

### SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

## SECTION 2: Voter Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. ### SECTION 4: Voter Approval Tax Rate Adjustment for Pollution Control

This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

### SECTION 5: Voter Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value. <sup>42</sup> The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value. <sup>43</sup>

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042; <sup>44</sup>
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a); <sup>45</sup> or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval. <sup>46</sup>

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.<sup>48</sup> This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit.<sup>49</sup>

## SECTION 7: Voter Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.<sup>50</sup>

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year.<sup>51</sup>

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).
