Fire Control Prevention and Emergency Medical Services District

2025-20256 Quarterly Report Fire, EMS and Fire Marshal

December 2025

- We are officially moved into the new fire Station #1 and running responses from this location. Punch list items continue to be performed by the contractor.
- Seek Thermal Imaging cameras were ordered as communicated on the last report given and since then training has occurred and they have been placed into service. These are great additions!
- Quarterly inspection of breathing air compressors has occurred at all 3 stations and passed.
- Engine 21 is currently at Siddons Martin for an oil leak found as well as for completing the annual PM on it.
- 4 sets of bunker gear have been ordered (2 for members who are due for replacement due to end of service life and 2 members who do not yet have this spec)
- We are gearing up for annual hose and ground ladder testing and will report back summary on the next quarterly report.
- Delivery of Medic 2 is anticipated by the end of the first quarter 2026
