for

City of Deer Park

June 7, 2023

Pursuant to Chapter 2269 of the Texas Government Code, the City of Deer Park (the City) is seeking Competitive Sealed Proposals with statements of qualification for selection and award of a performance contract for installed equipment from an Energy Service Company (ESCO) or similarly qualified firm (to be referred to as “ESCO” through the remainder of this document) interested in providing Advanced Metering Infrastructure (AMI) and Energy Conservation Retrofits of utility assets,.

The City does not seek continuation service following the installation of the AMI. As such, the City does not seek to award this Project through the authorization and parameters contained in chapter 302 of the local government code. Nor does the City require post installation performance or savings guarantees.

The City currently owns approximately 10,772 meters in its water system. The City will consider ESCOs that provide turnkey Energy conservation measures and AMI solutions to achieve the best ultimate outcome for the City and its customers.

Interested parties must submit their responses with preliminary budget pricing for opening by 2:00 p.m. on July 20, 2023 at the City office located at 710 East San Augustine, Deer Park, Texas 77536. The Request for Proposals (RFP) shall be available for viewing and free download at www.CivcastUSA.com, (search project 3995-23), the City of Deer Park website at <https://deerparktx.gov/Bids.aspx>, and to interested individuals and entities from the Date Issued until the Due Date and Time.

Respondents shall be responsible for all costs incurred in preparation of the proposal package. The City reserves the right to terminate this project prior to responses being received, to reject any or all responses, and to be the sole judge of the value and merit of the responses offered for consideration.

I. PROJECT OVERVIEW

PROPOSED PROJECT DESCRIPTION AND PREFERENCES

The purpose of this project is to increase the operational efficiency of the City's water distribution system by implementing an AMI system that enables wireless communications between utility systems and the metering endpoints while removing any uncertainty for the City and ensuring any future cost savings go to the benefit of the City. Project implementation should include upgrades to the City's water customers with a fully functional and scalable AMI water meter system. The ESCO that is ultimately selected should provide, at minimum, the following in their respective proposal responses:

- The system must use Ultrasonic Meters with no moving parts that meet American Water Works Association (AWWA) standards. Mechanical Meters will not be given consideration.
- The system selected shall have a 20-year operational life span with a 20-year accuracy and battery warranty with at least 10 years of replacement at no cost and an additional 10-year warranty prorated for each year thereafter (commonly referred to as 10/10).
- System software must be capable of providing individual account reports with Tamper alarms, reverse flow alarms, and continuous flow "leak detection."
- Ability to view specific meter information including meter ID, consumption data, latitude/longitude location data, and images of meters installed in the field.
- A customer portal that will allow customers to view their water usage and other account information.
- Ability to capture consumption and other meter data through alternative communication technology including Bluetooth, and Wi-Fi.

The solicitation is for a complete turnkey AMI Solution, including:

- Investment Grade Audit (IGA)
- Communication Propagation Study with a "Fixed Based" Communication system for the AMI system. The City does NOT want a "cellular" system with an ongoing monthly service fee for communication. Existing City tower infrastructure will be used for collection sites.
- Meter Selection Guidance to meter manufacturers, based off features and functions of each meter manufacturer. The City may require a demonstration of the meters and functions once the IGA has started. Final selection is the sole choice of the City.
- Installation of meters, including various fittings, valves with new meter boxes and or lids.
 - There are approximately 250 homes within Deer Park that contain lines in the backyard of the property. The City will assume responsibility of obtaining rights-of-entry and relocating said lines to the front of each property. Upon completion

of the line relocations, the meter replacements and all that implies will fall within the scope of the ESCO agreement.

- Implementation and integration of AMI system to the cities software utilized for Utility Billing that includes provisions for ensuring secure data methods and data is not lost once received by the City billing software.
- Implementation of redundant data collection hardware including portable data collector(s) and built-in preventions of data loss due to data collector failure.
- Implementation and host “workshops” for Customer Portal. This should include train the trainer for the City staff involving ample and sufficient training opportunities prior to going live.
- Performance Assurance of the system installation and operation.
- Existing meters shall be photographed with its consumption displayed prior to removal. Photographs and a spreadsheet detailing the address, consumption level, serial number of the meter, and new serial number shall be delivered to the City on a periodic basis throughout the installation phase.
- Existing meters shall be delivered to the City of Deer Park Meter Reader Shop after removal. The City will dispose of meters at the end of the project. If the vendor chooses to retain the meters, the bid shall include a specific cost adjustment accordingly.

Respondents MUST:

- 1. Respond fully to this RFP and**
- 2. Be a National Association of Energy Service Companies (NAESCO) Accredited Company.**

The City will select an ESCO based on its evaluation of the scoring criteria detailed in Section III. The City will rank each Respondent based on the responsive information provided in its statement of qualifications. The City’s evaluation and ranking will be based on the weighted scoring criteria, and based on the rankings, the City intends to select the most highly qualified ESCO based on demonstrated competence and qualifications. The selected ESCO will perform an IGA at no cost to the City. Once a final scope and all selections are made, the City and ESCO will attempt to negotiate a contract at a fair and reasonable price. If a satisfactory contract is agreed upon, the City and ESCO will execute the contract. The contract forms attached to this RFP will form the basis of any contract between the City and its selected service provider subject to final scope and negotiated deal terms.

If a satisfactory contract cannot be negotiated, the City will formally end negotiations with that ESCO and select the next ranked ESCO and attempt to negotiate a pursuant to the authority of chapter 2269 and this RFP. This process shall continue until the City enters into a contract with an ESCO or ends negotiations with all respondents.

- E. A breach of any of the stipulations contained in these Required Contract Provisions shall be sufficient grounds for termination of the Contract.
- F. A breach of the following clauses of the Required Contract Provisions may also be grounds for debarment as provided in 29 CFR 5.12:

III. **TERMINATION FOR CAUSE**

The City of Deer Park shall ascertain the facts and the extent of delay. If, in the judgment of the City of Deer Park, the findings of fact warrant such action, the time for completing the Work shall be extended. The findings of the City of Deer Park shall be final and conclusive on the parties.
- C. If, after termination of the Consultant's right to proceed, it is determined that the Consultant was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of the City of Deer Park.
- D. The rights and remedies of the City of Deer Park in this clause are in addition to any other rights and remedies provided by law or under this Contract.

The Consultant shall submit the proposal promptly, but no later than six (6) months from the effective date of termination, unless extended in writing by the City of Deer Park upon written request of the Consultant within this six (6) month period. If the Consultant fails to submit the proposal within the time allowed, the City of Deer Park may determine, on the basis of information available, the amount, if any, due the Consultant because of the termination and shall pay the amount determined.
- D. Subject to paragraph (C) of this clause, the Consultant and the City of Deer Park may agree upon the whole or any part of the amount to be paid or remaining to be paid because of the termination. XII. SUSPENSION AND DEBARMENT

- A. This Contract is a covered transaction for purposes of 2 C.F.R. Part 180 and 2 C.F.R. Part 3000. As such, the Consultant is required to verify that neither the Consultant, its principals (defined at 2 C.F.R. §180.995), or its affiliates (defined at 2 C.F.R. §180.905) are excluded (defined at 2 C.F.R. §180.940) or disqualified (defined at 2 C.F.R. §180.935).

XIII. DISADVANTAGED BUSINESS ENTERPRISE PARTICIPATION (D.B.E.)

- A. It is the policy of the federal grant that D.B.E. firms as defined in 49 C.F.R. In order to qualify for grant funds, Deer Park, the Consultant, and its Sub Consultants must comply with the FAR regulations covering the participation of small business firms owned or controlled by socially and economically disadvantaged individuals which is defined in 49 C.F.R. Part 23.
- B. The proposing firm shall make good faith efforts, as defined in Appendix A of 49 C.F.R. Part 23, to subcontract a reasonable percentage of the Work in this Contract with D.B.E. firms. A proposing firm that fails to meet the goal or which cannot demonstrate that it made good faith efforts to meet that goal will be considered nonresponsive to these Request for Proposal Instructions. - C. Within five (5) consecutive Calendar Days of the deadline date for submitting Proposals, the proposing firms shall submit a Letter of Intent for each D.B.E. listed in their proposal as a Sub Consultant. - E. In order to maximize business opportunities for D.B.E. firms, proposing firms are urged to meet the D.B.E. goal by subcontracting with as many D.B.E. firms as possible. Deer Park strongly discourages proposing firms from requiring exclusive dealing commitments from D.B.E. firms which would prevent them from being considered as Sub Consultants by other proposing firms.

The firm agrees that a breach of this certification is a violation of the EEO provisions of this Contract. The firm further certifies that no employee will be denied access to adequate facilities on the basis of sex or disability.
- B. As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, restrooms and washrooms, restaurants and other eating areas, time clocks, locker rooms, and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by the explicit directive, or are, in fact, segregated on the basis of race, color, religion, national origin, age or disability, because of habit, local custom, or otherwise. The only exception will be for the disabled when the demands for accessibility override (e.g., disabled parking).
- C. H.B. 1295

Certificate of Interested Parties Procedure

The Texas Ethics Commission states:

“In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least \$1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.”

The key issue is that the disclosure form must be submitted by the business entity before the signed contract is submitted in order for the contract to be valid. The Texas Ethics Commission requires each contract covered by law to have an ID # generated by the City in order to track the contract. Once the City generates an ID # this will be given to the business entity to file with the Ethics Commission.

WHO IS REQUIRED TO FILE FORM 1295?

Any vendor or business entity that falls into one of these categories must file FORM 1295 with the Texas Ethics Commission.

- A) On projects over \$50,000: Once the lowest bidder has been determined the City will provide them with a project identification number to be submitted on Form 1295. The procedure, listed below, must be completed before Council approves the contract/agreement.
- B) All purchases requiring Council approval: Vendor will be required to submit Form 1295 following the procedure below.

FORM 1295 PROCEDURE

- 1. Business entities must log on to the Texas Ethics Commission web page at <https://www.ethics.state.tx.us> on the left hand side of the screen choose “File Reports Electronically”, then choose “Form 1295 Certificates of Interested Parties Filing”.
- 2. Once the business entity generates the Disclosure Form on the Texas Ethics Commission website, the business entity will print the Form and Certification of Filing. The authorized agent of the vendor must sign the printed copy of the form and have the signature notarized.
- 3. The signed and notarized Form 1295 must be submitted to the City prior to the City Council meeting, at which time the contract or agreement will be considered for approval. The City must acknowledge the receipt of the filed Form 1295 no later than the 30th day after the date the contract binds all parties to the contract. Once a Form 1295 is acknowledged, it will be posted to the Texas Ethics Commission website within 7 days.

Instructions for the Conflict-of-Interest Questionnaire

Section 176.006 requires disclosure of a person's "affiliations or business relations that might cause a conflict of interest." The term "affiliation" is not defined in Chapter 176. However, the general definition of the word "affiliation" would mean any association or connection. Any affiliation, including such things as friendship, membership in some group or organization, relationship by blood or marriage, or any other connection, must be disclosed.

How to fill out the Conflict-of-Interest Questionnaire (each number corresponds with the number on Form CIQ):

1. Name of person (vendor) doing business with the City. If the vendor is a corporation, partnership, etc., then each person who acts as an agent for the business in dealings with the City must complete the form.
Also state company name.
2. Check the box if you are filing an update to a previously filed questionnaire. Updates are required by law by September 1 of each year in which the person submits a proposal or bid, or begins contract discussions or negotiations with the City. Updates are also required by the 10th business day after an event that makes a statement in a previously filed questionnaire incomplete or inaccurate.
3. Complete this section by listing the name of the local government officer (City employee or Council member) with whom there is an affiliation or business relationship with.
4. Describe how you are affiliated or related to a City employee or Council member who may make recommendations to the City regarding expenditures of money. Answer questions A and B with "Yes" or "No" as applicable.

- If your neighbor or friend is a City employee and would be making a recommendation concerning a purchase or sales transaction concerning you and you feel your relationship with this employee could affect their recommendation, the relationship must be reported.
- If you employ or do business with a spouse, parent, or child of a City employee that would be making a recommendation concerning a purchase or sales transaction involving you, the relationship must be reported.
- If any other situation exists that would result in a conflict of interest, the relationship must be reported.
- If your spouse, parent, or child is a City employee that does NOT make recommendations concerning purchases, this relationship should not be reported.

5. State whether the vendor named in Section 1 is employed by a corporation or other business entity with which the City employee or Council member serves as an officer or director or holds an ownership interest of one percent or more.

6. Check this box if the vendor has given the City employee or Council member named in Section 3, or family member of the same, one or more gifts as describe in Section 176.003(a)(2)(B), excluding gifts in section 176.003(a-1).
