

NOTICE TO BIDDERS

Advanced Metering Infrastructure (AMI) Project City of Deer Park

Project ID: 3995-23

Pursuant to Chapter 2269 of the Texas Government Code, the City of Deer Park (the City) is seeking Competitive Sealed Proposals with statements of qualification for selection and award of a performance contract for installed equipment from an Energy Service Company (ESCO) or similarly qualified firm interested in providing Advanced Metering Infrastructure (AMI) and Energy Conservation Retrofits of utility assets.

Interested parties must submit their responses for opening by **2:00 p.m.** on **Thursday, July 20, 2023** at the City Secretary's office located at 710 East San Augustine, Deer Park, Texas 77536. Bid results will be posted shortly thereafter. The Request for Proposals (RFP) shall be available for viewing and free download at www.CivcastUSA.com, (search project 3995-23) and the City of Deer Park website at <https://deerparktx.gov/Bids.aspx>.

Scope of Project:

- Increase the operational efficiency of the City's water distribution system by implementing an AMI system that enables wireless communications between utility systems and metering endpoints.
- Upgrades to the City's utility customers with a fully functional and scalable AMI water metering system.

The City will select a firm based on its evaluation of the scoring criteria detailed in RFP. The City will rank each respondent based on the responsive information provided in its statement of qualifications. The City's evaluation and ranking will be based on the weighted scoring criteria. With these rankings, the City intends to select the most highly qualified firm based on demonstrated competence and qualifications.

The City may reject any or all proposals and may cancel this request for qualifications at any time.
