To the Planning and Zoning Commission for the City of Deer Park:

I am asking for an 18-foot variance to increase the driveway approach to a total of 36 feet wide. It will be 3 feet from the property line once completed. The reason for this request is we would like to stop parking our vehicles on the street. Our home is one house away from the stop sign. We believe if we can get our vehicles off the street, the increased visibility for the traffic will increase safety and reduce the risk of an incident. There are many families in this neighborhood with young children who love to play outside and would like for them to be safe. We are a big family and our children used to play outside so we know the importance of safety. Now that our children are teenagers and driving, we do not have the ability to keep our vehicles off the street. We appreciate your kind consideration of this request and hope that you will help us keep our streets safe.

Respectfully,

Carol Landry and family.
