  - a. Gregory Dupin, 2502 Taylor Lane, commented, “I have been living at the residence since late 1989 and since I moved there, there has always been an extra driveway by my double wide. I think the guy that lived there may have had an 18 wheeler. It has two runners about 18 inches going to a slab. Due to some family members, I now have 5 cars and a 24 foot boat. The runners have been cracked for years and I thought it would be a good time to try and extend my driveway to be a little wider to be 11 foot 6 inches more to go all the way to the street. I usually have two trucks parked on the street and I’ve been proud of our neighborhood for years talking about our street being clean of cars and now I am the one that has two vehicles on the street. I just thought it would be a good time for widening it out to have a little more room.”

Commissioner Garrett asked, “Are you going to use a contractor?”

Mr. Dupin responded, “Yes. I have several bids already.”

Mr. Dupin asked, “If I am approved, is there a restriction to close I can build by the water meters?”

Chairman Balusek asked, “You aren’t going to cover them are you?”

Mr. Dupin asked. “No sir. I am going to stay away from them. What would be my next step? Would I have to get a permit?”

Chairman Balusek responded, “Yes, if you are approved.”

3. HEARING OPENED FOR THOSE PERSONS DESIRING TO SPEAK AGAINST THE REQUEST – Chairman Balusek opened the hearing for those persons desiring to speak against the request. No one spoke.
4. HEARING CLOSED – Chairman Balusek closed the public hearing at 6:17 p.m.
