September 25, 2023

610 East San Augustine

Deer Park TX 77536

Re: The City of Deer Park Soccer Complex, Ruth Minchen Sports Complex and Spencerview Athletic Complex

Dear Mr. Sandburg,

It was a pleasure serving you and the City of Deer Park earlier this year at The Battleground Golf Course, and we look forward to continuing to exceed your expectations this fall at the drainage projects noted above. It was a pleasure meeting with you and Mr. Zuniga on August 15, 2023 regarding the trademarked XGD Systems™ 'Classic Sports Field Drainage' system and our proprietary drainage installation technologies.

The company was formed in 1988 by Geoff Corlett, B.Sc, Agriculture. He is a Professional in Agrology (Soil/Water Management) by designation. Mr. Corlett has been designing and refining golf course subsurface drainage systems for 34 years, and through his expertise and leadership, he developed the proprietary XGD Systems™ Classic Turf Drainage system which is now the sought-after turf drainage system at some of the most prestigious golf courses and sports fields in the USA and Canada. Mr. Corlett is an educator and speaker on soil/water relationship and management for the GCSAA US.

XGD Systems™ utilizes proprietary methodologies that include both laser and GPS grade leveling equipment and specialized drainage systems, which is why XGD has become a household name at the highest levels of the golf and sports turf industry - there is no other system like it in the US. We are proud to be able to say that drainage systems installed 25 years ago by XGD Systems™ continue to perform flawlessly. Indeed, as the industry standard for many PGA golf course destinations and tournament play sports fields, the phrase "you need to XGD" has been discussed both on the Golf Channel and in multiple industry publications throughout the years.

Some of the keynote golf clubs/sports clubs that have utilized our proprietary systems are:

Oakmont Country Club, PA

Oak Hill CC, NY

Ridglea Country Club, TX

Merion GC, PA

Alotian Club, AR

Oakland Hills CC, MI

Pine Valley Golf Club, NJ

Westchester CC, NY

Field Club of Greenwich, CT (Tennis)

Tampa Sports Authority Soccer Complex, FL

We appreciate the opportunity to serve the City of Deer Park.

Highest Regards,

Graham Walker

Director, XGD Systems Drainage Division USA/Canada
