

City of Deer Park
Fire Control, Prevention and Emergency Medical Services District

2016-17 Approved Projects

- 1 Continue with Phase 2 of Station 1 remodel by removing paneling, sheetrock replacement as needed, painting and refurbish ladies restroom.
- 2 Purchase and installation of a slide out tray for the bed of the safety officer's response vehicle.
- 3 Purchase an outboard motor for the inflatable rescue boat.
- 4 Replace the generator at Station 2.
- 5 Replacement of L-22 (1996 Pierce 65 foot ladder truck).
- 6 Replace damaged panels and hardware to the fire department "burn building".
- 7 Continue to replace PPE (bunker gear) as needed for firefighters, EMS personnel and new recruits.
- 8 Perform annual SCBA inspections and testing, fire hose testing, ladder testing and hydraulic tool testing.
- 9 Expand concrete pad behind new ambulance bay for additional parking.
- 10 Refurbish an existing ambulance with a new chassis and update the patient module.
- 11 Purchase of a response duty vehicle for EMS duty officers and responders (to include radios, emergency lighting, graphics, etc.)
- 12 Upgrade ambulance stretchers with "Steer-Lock" feature and "XPS Retro Kits" for wide body patients.
- 13 Purchase a remote control, animated vehicle for fire prevention activities.
