As a standard, the City of Deer Park will do our best to alert the leagues and rentals via email or phone call with as much notice as possible on practice/game day should fields be unplayable. Please keep in mind that Park closures and practice/game cancellations are determined by the City of Deer Park Parks and Recreation Department which reserves the right to cancel practices/games at any time depending on the current weather and field conditions.

City of Deer Park staff will work with league officials, citizen field rentals, and tournament directors when making decisions on field conditions and the playability of fields at the various athletic sports complexes. League and tournament officials make the final call if their event will play or not based on 1) current weather conditions and 2) if the fields have not been previously closed by the City of Deer Park.

City of Deer Park Athletic Sports Complexes - Determining Field Playability

Standing water occurs because the ground is saturated. Removing standing water does not eliminate the saturation. It is the saturation, and not standing water, that causes damage and unsafe conditions. Determining the playability of an athletic field is crucial to the continued health of the turf and the sustainability of the field throughout the season. More importantly, determining the playability is vital to the safety and best interests of the participants and patrons to the City of Deer Park athletic sports complexes. The Department will close its athletic fields if City of Deer Park staff determines that fields are too wet for play, or if other issues arise that would compromise patron safety.

League officials have the responsibility to close fields for play when safety and/or field damage is possible.

An athletic field should be considered closed for play if any part of the field becomes unsafe for field users or if conditions exist where use will cause damage to the field.

An athletic field should be considered closed if any of the following conditions exist:

1. There is standing water present on any part of the field that cannot be removed without causing damage to the field.
2. There are muddy conditions present that will not dry by the start of the game.

3. While walking on the field water can be seen or heard with any footstep.
4. If water gathers around the sole of a shoe or boot on any portion of the field.
5. While walking in turf areas any impression of your footprint is left in the surface.
6. While walking on the infield portion of the field, an impression of ½" deep or more is left by a footprint.

Additional reasons for cancelling games:

1. It has rained most of the day of the scheduled game and there is standing water on the field.
2. It has rained for several days prior to the scheduled game and the fields are wet to the point where playing the game will destroy the playing surface.
3. It is raining at the time of the scheduled game and the temperature is low enough to make conditions unbearable for the children.

 - c) If a runner attempting to advance a base intentionally makes contact with the fielder (catcher) by sliding into him above the waist, or using a “football” type rolling block or other similar actions, the umpire will call the runner out and if he considers it a flagrant violation the umpire may eject the runner for unsportsmanlike conduct.

Good Morning Charlie

Attached are the documents you requested. The AD Star invoice was for a pitching mound that is currently on Minchen Field and two cage nets for the DOW cages. The restaurant supply invoice was for two refrigerators we had to replace when the ones we had disappeared while the complex was in Tommy Harpers control. The fence invoice is for fence repairs done to the cages at Spencerview after they were damaged by Tommy Harper. Let me know if you need further explanation.

Our proposed calendar of events will be start baseball play for our spring season the 1st of March and end in late July. With our Fall Ball Season starting in early August and running through the end of October. When I have more concrete dates, I will pass them along. Furthermore we have not started the process of vetting select teams, when we choose teams to recognize again I will pass that information along.
