Rain-out Policy

Practices and games will be held, as long as conditions are safe for participants and do not violate our rules or park guidelines. As a standard, the City of Deer Park will do our best to alert the leagues and rentals via email or phone call with as much notice as possible on practice/game day should fields be unplayable. Please keep in mind that Park closures and practice/game cancellations are determined by the City of Deer Park Parks and Recreation Department which reserves the right to cancel practices/games at any time depending on the current weather and field conditions.

Please call 281-478-2099 for a recorded message that will provide information in reference to Rainouts and Cancellations during the week after 3:00pm or visit the City of Deer Park Athletics Website at: www.deerparktx.gov/athletics for status updates. City of Deer Park staff will work with league officials, citizen field rentals, and tournament directors when making decisions on field conditions and the playability of fields at the various athletic sports complexes. League and tournament officials make the final call if their event will play or not based on 1) current weather conditions and 2) if the fields have not been previously closed by the City of Deer Park.

City of Deer Park Athletic Sports Complexes - Determining Field Playability

Standing water occurs because the ground is saturated. Removing standing water does not eliminate the saturation. It is the saturation, and not standing water, that causes damage and unsafe conditions. Determining the playability of an athletic field is crucial to the continued health of the turf and the sustainability of the field throughout the season. More importantly, determining the playability is vital to the safety and best interests of the participants and patrons to the City of Deer Park athletic sports complexes. The Department will close its athletic fields if City of Deer Park staff determines that fields are too wet for play, or if other issues arise that would compromise patron safety.

League officials have the responsibility to close fields for play when safety and/or field damage is possible.

An athletic field should be considered closed for play if any part of the field becomes unsafe for field users or if conditions exist where use will cause damage to the field.

An athletic field should be considered closed if any of the following conditions exist:

1. There is standing water present on any part of the field that cannot be removed without causing damage to the field.

2. There are muddy conditions present that will not dry by the start of the game.
3. While walking on the field water can be seen or heard with any footstep.
4. If water gathers around the sole of a shoe or boot on any portion of the field.
5. While walking in turf areas any impression of your footprint is left in the surface.
6. While walking on the infield portion of the field, an impression of ½" deep or more is left by a footprint.

Additional reasons for cancelling games:

1. It has rained most of the day of the scheduled game and there is standing water on the field.
2. It has rained for several days prior to the scheduled game and the fields are wet to the point where playing the game will destroy the playing surface.
3. It is raining at the time of the scheduled game and the temperature is low enough to make conditions unbearable for the children.
4. The presence of lightning - 3 strikes and you're out. The first lightning strike will cause a 30 minute delay, with subsequent strikes re-setting the 30 minute delay. Three strikes within 30 minutes will result in cancellation.
5. The potential for severe weather is significant enough that it warrants cancellation for the safety of participants and patrons.
