RE: Professional Design Services; Phase 2 Hike and Bike Trail Improvements

Dear Charlie,

We are excited to see the City move forward with the Phase 2 Hike and Bike Trail Improvements as planned in the *Parks, Recreation, and Open Space Master Plan*. Based upon our discussions with regards to scope, timing and delivery method; the following is a proposed scope and fees for this project.

The attached Exhibit "A" provides a general understanding and outline of services to be provided along with our fee proposal. Our proposal recommends that the initial phase of services include the entire Hike and Bike Trail Improvements and routing be master planned and conceptualized as the first assignment. The resulting Master Plan should then be used to determine the appropriate segments for actual construction priority in both design and implementation. Opinions of Probable Cost will then have greater relevance and benefits can be more readily understood by staff and Council. We will have additional discussions regarding the project scheduling and project bidding/construction, etc. We look forward to meeting further upon initiation of the project kickoff.

While addressed throughout the Scope of Work, it should be expressly pointed out that our proposal of work includes all required landscape architecture only. In this scope of services, we have suggested establishing the complete master plan, including all routings and priorities in advance of engaging civil engineering services. Any civil engineering, geotechnical studies, surveying and TDLR accessibility review will be considered additional services during future phases of design outside of this contract.

All plans will be prepared under the direct supervision and Landscape Architect of Record Claudia Walker, RLA #2987, with appropriate seals affixed by representative professionals responsible for other portions of the project.

We are prepared to begin upon execution of this Proposal/Letter of Agreement, a Professional Services Agreement, and a Purchase Order (if applicable prior to proceeding).

Very sincerely,
