Request for Variance

Planning and Zoning Commission

Applicant:

Scott & Jacki Geron
1116 East 13th Street
Deer park, TX 77536

Explanation/reason for Variance Request:

As noted on the attached site plan & Survey, our current driveway does not align with an existing driveway pavement section that is directly adjacent to West side of our house. That portion of the driveway is currently being used to park out 28ft. travel trailer. Moving that trailer in and out of that location is extremely difficult due to the limited width of access, as well as the severe slope of the existing driveway. In addition, the proposed increased driveway width will prevent the intermittent stopping of traffic when moving the trailer, as well as prevent any potential damage to the sidewalk caused by the trailer encountering the concrete. We are proposing to increase the driveway opening by 11.33ft to the west and using a 3.0ft radius to the face of curb. This will create a more accessible alignment to the driveway on the side of the house, as well as provide a safer condition for the traveling public when moving the trailer.
