

Wayfinding Project 2019/2020 Update

City of Deer Park Parks and Recreation

Project Summary

- History

- Repairs

- Park signs were susceptible to vandalism
- It was discovered that wayfinding signs were falling apart
- Significant repairs needed to occur due to signs not being built to specification

- Construction issues

- Sign piers not built to handle wind load according to specs
- Utility easement and location conflicts

- Phase I status

- All repairs have been made
- The correct piers have been poured to meet code guidelines
- All utility conflicts have been corrected
