Discussion of issues relating to shade structure from Bayou Bend Park to Adult Complex.

A shade structure was presented in the 2013 - 2023 Parks & Recreation Master Plan for the Bayou Bend Park. Since that time there was a demand for access to outdoor restrooms. The Department felt it was necessary to budget and purchase nice outdoor structures. The location for the proposed pavilion was to be placed where we have installed the new outdoor structures therefore due to limited space at the Bayou Bend Park area we are wanting to move the pavilion structure to the adult softball complex to provide more shade for the athletes and it will be located away from the road between the north fields.

\$53,958.50 budgeted in 90-410-4903

Discussion only
