Consideration of and action on an addendum to the contract with National Signs Plaza for Phase I of the Wayfinding program.

Summary:

Phase I of the Deer Park Wayfinding program began in 2016. Phase I of the project included 4 monument signs and 15 wayfinding signs to be constructed at various Parks and City owned right of ways around Deer Park. The signs were originally installed in 2016, however shortly after installation it was discovered that the wayfinding signs were not constructed to specifications listed in the construction documents. The contractor, National Sign Plaza, warrantied the signs and over time completed all necessary repairs for Phase I signs.

The original contract, which was signed in 2016, required amendment due to discrepancies in the completion date, sign amounts, costs, and Exhibit C, Section 3 "Additional purchases/phase" section removed. Attached you will find the amendment for this Phase I contract.

Fiscal/Budgetary Impact:

None at this time.

Approval of the addendum to the contract for Phase I of the Wayfinding program.
