Discussion of issues related to a contract between the City of Deer Park and PGAL for architectural services for the design of the Deer Park EMS Annex.

Summary:

PGAL was awarded a contract for pre-design and programming services of the Deer Park EMS Annex. That phase is complete, and this proposal and contract will include final design phase services.

A committee consisting of staff members, EMS volunteers, and FCPEMSD Board Members has worked diligently during the programming phase to ensure that the needs of the Department are addressed while keeping a keen eye on fiscal responsibility. The resulting conceptual design represents these efforts.

Attached is the proposed contract, along with the programming phase conceptual building floor plan and site plan.

Fiscal/Budgetary Impact:

Funding will come from the Fire Control, Prevention and Emergency Medical Services District (FCPEMSD) budget.

Discussion only during Workshop. A separate action item is included on the Council Agenda.
