Discussion of issues relating to the playground equipment for Monroe Park, Big Bend and Parkview Park.

In FY 2017-18, playground equipment was approved in the budget process for the Adult Softball Complex and Glendale Park (new park at Spencerview Athletic Complex).

Due to unforeseen circumstances with Glendale Park and the Adult Softball Complex, the Department is requesting to relocate playground equipment originally budgeted and purchased for these two locations to other parks that are in immediate need of playground equipment.

After further evaluation, Glendale Park will not be developed within this fiscal year due to the bridge project, grading issues, lighting inside the park and no available parking other than on the residential streets. At the Adult Softball Complex, it was determined there was not enough space for the equipment purchased after installation of a new concession stand and storage facility.

New playground equipment will be installed or have old playground equipment replaced at Parkside Place, Monroe Park and Big Bend Park.

In the July 17, 2018 regular Council session, the Department will be requesting authorization to purchase playground equipment for Big Bend Park and Parkside Place. Monroe Park has received playground equipment originally intended for Glendale Park.

None at this time.
