Discussion of issues relating to potential Charter Amendments.

Summary:

The Charter was adopted on December 6, 1960. The last Charter Amendment Election was held on May 10, 2008, with only five amendments being approved by the citizens of Deer Park. In the Strategic Plan, Strategy #2 references the Charter Review and Election. Over the last several months, Staff has reviewed the current Charter and made recommendation for your review. If the recommendations are agreed upon, an election will be called when the Secretary of State releases the Election Calendar to conduct a Charter Amendment Election in May of 2019. The City Council may schedule future workshops to discuss the potential Charter Amendments.
