Discussion of issues relating to entering into an agreement with Cobb Fendley for the final design services of drainage improvements for Heritage Addition, Deer Park Manor and Delo-Elaine Subdivisions.

Summary:

In response to historical repetitive losses due to flooding, the city entered into an agreement with Cobb Fendley for preliminary drainage design services for Heritage Addition, Deer Park Manor and Delo-Elaine Subdivisions in June 2018. The preliminary study recommended purchasing two properties for use as detention ponds on the first two subdivisions and construction of a conveyance channel for the Delo-Elaine subdivision along the north property line of the Luella Service Center property. The City has recently purchased the two properties and is ready for the consultant to move forward with final design and the production of plans and specifications of drainage improvements. The consultant's fees for final design is \$413,840.00 and \$90,450 for additional services, for a total contract fee of \$504,290.00.

Fiscal/Budgetary Impact:
