File #: AUT 19-041, **Version:** 1

Authorization to seek proposals from potential buyers for the purchase and relocation of the house located at 518 Pasadena Blvd, with buyer bearing all costs for relocation of the structure.

Summary:

The City purchased the property located at 518 Pasadena Blvd. The house located on the property is in such a condition that could make it attractive for a buyer to have it relocated. The house is on pier and beam foundation and appears to be in a solid structural condition. The City has no use for the house, as the property will likely be a future fire station #2. The City will represent no warranties or guarantees on the house, and will sell the house as-is, where-is to a buyer who will be responsible for all costs associated with relocating the house.

Fiscal/Budgetary Impact:

There will be no cost associated with this action. The City will potentially recover a portion of the property acquisition costs.

Authorize the solicitation of proposals.
