Acceptance of completion of the Waterline Rehabilitation on Georgia Avenue, East P Street and installation of new 12-inch valves on Center Street.

Summary: The services of SKE Construction were purchased, through the buy board, to perform the Waterline Rehabilitation on Georgia Avenue, East P and installation of new 12-inch valves on Center Street. This project was needed due to multiple line breaks of the dated existing pipe on Georgia and P Street and installation of new 12" valves to help isolate the main line so that less businesses are effected during waterline shutoffs. The work has been completed at a cost of \$390,100.71 and is now ready for City Council Acceptance.

Fiscal/Budgetary Impact: This projected was funded out of water/sewer contingency funds (2018-2019 Fiscal Year)

Staff recommends City Council accept completion of this project.
